RECOGNIZING THE 20TH ANNIVERSARY OF THE MANASSAS AFRICAN AMERICAN HERITAGE FESTIVAL

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 10, 2010

Mr. CONNOLLY of Virginia. Madam Speaker, I rise to recognize the 20th Anniversary of

the Manassas African American Heritage Festival.

The first Heritage Festival was organized by a group of community leaders who sought to host an event that would feature the unique contributions and diversity of the African American community. Ethnic heritage is often a source of strength and inspiration for individuals seeking their piece of the American dream, and part of the American experience is proudly sharing that heritage with others. The Manassas African American Heritage Festival spotlights, celebrates, and commemorates the roots and rich history of the African American community.

During the past two decades, the Festival has supported organizations and causes that promote African American culture. Colleges, churches, nonprofit organizations, and civic groups are among the attendees. The Festival has awarded "Community Awards for Excellence," purchased and distributed school supplies, encouraged health screenings, and made education a community priority.

Madam Speaker, I ask that my colleagues join me in commemorating the 20th Anniversary of the Manassas African American Heritage Festival. It is important that we preserve the values and traditions of African American culture and appreciate the indelible mark it has left on our Nation's history.

RECOGNIZING THE NEED FOR TAA BENEFITS

HON. PATRICK J. MURPHY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 10, 2010

Mr. PATRICK J. MURPHY of Pennsylvania. Madam Speaker, I rise today to provide tangible evidence of the need to rethink the failed trade policies of the past. Bad trade deals result in job losses here at home, as companies decide to outsource to countries that pay their workers mere dollars a day and force them to work in factories with little or no labor or environmental standards.

Bad trade deals are a disaster for the American way of life. As a result of bad trade deals, companies that keep jobs in America get penalized for paying their workers a fair wage and showing concern for their workers' health. Most importantly, bad trade deals hurt the American worker, depriving him of much-needed jobs in an already tough economy.

You need to see nothing more than the list of successful TAA petitions in my district alone to know that these trade policies aren't working. I submit for the record a list compiled by CRS of approved TAA petitions from October 1, 2001, through March 3, 2009.

Madam Speaker, we must rethink the trade policies of the past and do everything we can to protect the American manufacturer and encourage investment in American industry.

HONORING THE ACCOMPLISH- MENTS OF CONTINENTAL STRUC- TURAL PLASTICS (CPS), LLC— SAREPTA, LOUISIANA

HON. JOHN FLEMING

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, August 10, 2010

Mr. FLEMING. Madam Speaker, I rise today to honor the hard work and dedication of a local Louisiana manufacturer. The manufacturer that I am recognizing has demonstrated innovation in manufacturing operations and business growth, as well as a commitment to community involvement.

Continental Structural Plastics (CSP), LLC—Sarepta located within my district in Louisiana, has invested over 10,000 training hours to prepare their workforce for today's advanced manufacturing technology and to be positioned for the next generation of manufacturing. The economic impact that CSP—Sarepta brings to North Louisiana is significant. The facility employs 195 people with an annual payroll and benefits exceeding \$5 million. Since construction began in 2001, \$12 million has been invested in facility and equipment modernization. This local manufacturer has made noteworthy advances in productivity throughout their organization resulting in substantial growth. Because of these accomplishments, CSP—Sarepta will be recognized for excellence by the Manufacturing Extension Partnership of Louisiana (MEPOL) at the fifth annual Platinum Award for Continued Excellence (PACE) ceremony on August 26th, 2010.

MEPOL, a non-profit manufacturing resource based at the University of Louisiana at Lafayette, provides business and technical solutions to emerging and established manufacturing firms through the state of Louisiana. Since 1997, MEPOL, based on a philosophy of education, encouragement, and empowerment, has worked with manufacturers such as CSP—Sarepta to increase their productivity and profitability.
